

COMMUNITY DIRECTOR UPDATE AUGUST 1, 2026

COMMUNITY NEWS

Community Towing Services

At this time, we are temporarily without a towing vendor; however, we are actively working to secure a new provider. The onboarding process is currently underway, and we are finalizing the necessary requirements to complete the contract and begin services as soon as possible.

In the meantime, each Resident Services Office is maintaining a current inventory of abandoned vehicles within their community. This proactive approach will allow us to promptly submit vehicles for towing once a new vendor is in place and services resume.

We understand that abandoned vehicles can affect parking availability and create inconvenience for residents. We sincerely appreciate your patience and understanding during this transition. Please know that we are committed to resolving this matter as quickly and efficiently as possible and will continue to keep residents informed of any updates.
