COMMUNITY NEWS

Back-to-School Preparation: Setting Military Families Up for Success

As the new school year approaches, military families can set themselves up for success by planning ahead. Whether returning to a familiar school or arriving in Oahu following a PCS move, a little preparation can help ensure a smooth transition for students and parents alike.

School Registration Reminders: Before the school year begins, families are encouraged to confirm that registration, immunization records, emergency contacts, and transportation arrangements are up to date. Taking care of these details early can help ensure a smooth and stress-free start to the school year.

Transportation and Bus Route Information: Families are encouraged to review bus schedules, pickup and drop-off locations, and school zone safety procedures before the first day of school. Taking time to familiarize yourself with local routes and traffic patterns can help ensure a safe and smooth start to the year.

Supporting Children Through School Transitions: Military children are remarkably resilient, but adjusting to a new school environment can still bring challenges. Parents can help ease the transition by:

- Visiting the school campus before the first day, when possible.
- Encourage children to participate in extracurricular activities and clubs to make new friends.
- Establish consistent routines for homework, meals, and bedtime.
- Maintaining open communication and encouraging children to share their feelings.
- Connect with other military families experiencing similar transitions.

COMMUNITY CONNECTION TIP!

Getting involved in your community is a great way to help children feel connected and supported. Attending neighborhood events and building relationships with fellow residents can foster a strong sense of belonging for the whole family. We wish all students, teachers, and families a successful school year and thank you for being a valued part of our community!

MAINTENANCE TIPS

Keeping your home clean and taking a few simple precautions can help prevent unwanted pests and maintain a comfortable living environment. To help keep pests away:

- Store food in sealed containers.
- Clean up spills and crumbs promptly.
- Remove standing water around your home when possible.
- Notify the maintenance team if you notice signs of pest activity.
